

DRAW WIN EAT

Draw the silliest pizza of the week and win a real pizza just like it! Plus 100 free game tokens!

Good food makes a silly pizza!

Sausage
We use the finest sausage. It's full of protein, and makes a silly moon in your picture.

Tomatoes
Our fresh tomatoes are rich in Vitamins C and A. Plus, they look just silly enough to be wheels on your silly pizza.

Olives
When it comes to olives, ours are chock full of minerals, and make darn good tires in your picture.

Ham
Our ham is more than tasty—it's high in protein! Try ham in your silly pizza as a shingle on a roof.

Mushrooms
Mushrooms may be underrated, but they're full of vitamins. And, they bear a strange resemblance to alien creatures.

Pepperoni
It's not only spicy, it's good for you. Protein galore. Pepperoni is often mistaken for meteors by the "Big C."

Bell Peppers
They're fresh, and full of Vitamin C and Iron. They look so green, that you could use them as a pasture in your picture.

Onions
They bring tears to your eyes, and vitamins to your body. They're perfect as rings around Saturn.

Almonds
They're dry roasted, and deliciously crunchy. And they look mysteriously like flying saucers.

Anchovies
Neptune's contribution is full of minerals like Iron. You could use them as fish in your silly pizza. But that's too easy.

Draw your own silly pizza here using the good ingredients on this page.

Take your time. Take it home.

Because the Silly Pizza Contest is judged on originality, take it home, use your best crayons, and make up the silliest pizza we ever saw!
